Subject: RE: Letter Re Potential conflict of interest -- transition of District counsel

Chief -

As we discussed, previous collaborative shared services agreements and reorganizations between fire agencies have been successfully accomplished with a written waiver of potential conflicts of interest.

However, given the concern expressed by President Atkins, it seems at this point Kenwood FPD interests will be best served by new counsel. To that end, I suggest Bill Ross (650) 843-8080 (who I understand works with several North Bay fire agencies); or Lisa Charbonneau of LCW (800) 645-2696. Once Kenwood FPD engages new counsel, please have them contact me to facilitate the transition.

Best wishes -

Bill

Re: Potential conflict of interest

Dear Bill,

As our district moves ahead with deliberations about staffing, one alternative is to extend the temporary staffing agreement with Sonoma Valley Fire District. Our board is interested in your thoughts about the inherent conflict of interest if you were to represent both districts in this matter.

In the event you think Kenwood's interests might be best served by engaging independent counsel, would you be able to suggest the names of several candidates?

Very truly yours,

Jack Atkin Board Chair

Chief Steve Akre Sonoma Valley Fire District 630 Second Street West Sonoma, CA 95476

Re: Temporary staffing agreement

Dear Chief Akre,

Please consider this our formal request to extend the temporary agreement dated October 1, 2022, an additional 90 days, as contemplated in paragraph 2 of the Agreement. This will allow our board to fully consider all alternatives in a measured approach to making any longer-term decisions.

We look forward to your timely reply.

Very truly yours,

Jack Atkin Board Chair

Kenwood Fire District Inter Office Memorandum

To: Board of Directors

From: Grant Committee

Re: March 2023 update and actions

Date: March 27, 2023

The following is a summary update of the Grant Committee actions for March 2023.

- 1. Radios: This grant was completed and submitted to FEMA on February 8th for \$179,000 to purchase 20 portable Motorola radios. As noted in the previous month's memos, the estimated shortfall of \$17,000 is due to FEMA limits on radio purchases. Provided FEMA does not reduce their limits on the radios, this shortfall will have to be covered by district reserves, a possible contribution by the Association and/or a potential grant from Landmark Winery. We expect an answer by Fall.
- 2. <u>Landmark Winery Grant</u>: As noted above, we applied for a \$10,000 grant with Landmark Winery under their community grant program to help cover the shortfall of the radio grant. We should know the results of our request by mid-April.
- 3. Wildland Chipper Program: Per the last report this is a low priority.
- 4. <u>Septic with Manitou Foundation</u>: In Fall 2022, the organization awarded us \$15,000 toward the system, short of the amount we requested. They suggested we reapply in September. We are also looking for other sources for this project.
- 5. <u>SAFER grant</u>: This was submitted on March 15th to hire 1 captain and 1 engineer. We applied for +/- \$1,050,000 for the 3-year period. We expect a response in the Fall.
- 6. <u>LED Sign</u>: This grant was awarded for \$57,000 vs. a total cost of \$68,000 for the sign and another \$5,000 to \$8,000 for the related work for a grand total of \$76,000. The shortfall of \$19,000 will be covered by an \$11,000 grant from the Gary Sinise Foundation with the balance of \$8,000 from the District. The Association paid the vendor 50% or \$34,000 upfront to begin the work on the sign. Our understanding is the County will reimburse us approximately 50% of the cost of the sign upon initial payment to the sign company. We are planning to request this reimbursement.
- 7. <u>Cal Fire Grant</u>: Cal Fire's annual grant process has begun. This is a 50% matching grant up to \$20,000. We have received grants in prior years from Cal Fire and intend to apply again. The grant funds are to be used for wildland-related equipment. The grant application is due on May 4th.

KENWOOD FIRE PROTECTION DISTRICT REGULAR MEETING OF THE BOARD OF DIRECTORS MARCH 13, 2023

MINUTES

MEETING: Meeting called to order at 16:00 hrs. Directors Doss, Uboldi, Cooper, Moretti, Atkin and Chief Bellach were present. Chief Bellach had a change. Included in the board packet was Resolution #22-23-03 authorizing participation and approving the amended and restated joint exercise powers of The Fire Risk Management Services JPA. This is a JPA between FASIS and FDAC EBA. This will be added as the 1st action item.

MINUTES: MSP Uboldi/Cooper to approve the minutes from the February meeting.

CHIEF'S REPORT: Chief Bellach reported we lost one out of district volunteer who has been hired with Santa Rosa Police Department. We have 4 going through Driver Operator 1A and 1B classes. Director Atkin asked about the incident annual run down on calls. Chief Bellach stated he is still working on the new program and figuring out how to create this data.

CLAIMS: MSP Moretti/Uboldi to approve claim #22-23-9 for \$65,089.76 and payrolls 2/10/23 for \$10,900.69 and 2/24/23 for \$14,565.83.

NEW BUSINESS: MSP Doss/Cooper to approve Resolution #22-23-03. FASIS, our Workers Comp insurance along with FDAC EBA, Employee Benefits Authority formed a JPA and will now be called The Fire Risk Management Services. This resolution allows us to continue obtaining coverage and risk management under the new JPA. Director Atkin asked if FASIS has claims beyond its financial capability and how do they work with that. Chief Bellach stated he would look further into this.

OLD BUSINESS: MSP Cooper/Doss to approve the video conference option under AB 361.

Director Doss reported for the HR committee, that they have had a series of meetings with Chief Bellach and Akre regarding staffing costs to continue a contract for staffing with Sonoma Valley Fire. What are our options, what can we do and not do and what can we afford. One option was how we return to full service for our community by going back to our original staffing as we were prior to the Sonoma Valley Fire District contract for services. This would be 2.0 staffing, BLS with a Part Time FF and the Chief working one shift. We have also talked about an extension for contracted services with Sonoma and what would this look like. Last month Chief Akre came to the group stating what the possibilities would be. They also met last week with 2 members of the Sonoma Valley Fire District HR Committee. A presentation was given to the ad hoc committee for a 5 year contract. The contract that was presented was the Glen Ellen Fire agreement a few years back for the group to look at. The real only two options we have is to either to return to our 2.0 BLS staffing or continue the contract for service with Sonoma for

2.0 ALS. We did ask if we chose not to extend our contract, what would be the time period if we needed more time to hire. We would be able to go another 60-90 days for this. It was asked in this meeting if a 3-year contract would be available rather than a five-year contract. It was clear that a 5-year contract would work best for Sonoma Valley Fire. The date of May 9th was chosen by the HR committee as a trigger point to decide on what action the board will need to take. If the Board made the decision to go with the 5-year contract, this would have to go before LAFCO. Director Atkin was skeptical of the total cost for a 5-year agreement that would decimate our reserve funds and would like to see a detailed cost. Chief Bellach spoke briefly about the what if's, if we did or didn't go into an extended contract with Sonoma Valley. Some of the points were ALS vs BLS, long term stability, depleting our reserve funds, having more depth with-in the agency for staffing needs, in house mechanic, greater opportunities for our members to staff other stations and strike teams. Wildfire season is not the best time to hire new staff, and we could greatly eliminate our unfunded liability. Director Uboldi stated it was unknown how this would affect our ambulance service. In the past we didn't see good performance as far as ambulance service goes from Sonoma Valley. It is unknown who will get the new county contract for ambulance service. Even though the EOA would not change, it would eventually with consolidation. Director Atkin shared his thoughts; without seeing incidents reported he's not able to see the magnitude of BLS versus ALS. If we were going to consolidate, there was a desire to explore other agencies other than Sonoma Valley to make sure we have looked at all the other alternatives. If we were to extend the current contract, the time to do it is right now. We should propose an extension to our current agreement, the terms of the agreement state that parties would be able to extend the contract in 3-month increments. When and if we get into a long-term contract with Sonoma Valley, we should look into getting our own council, so our council does not have a conflict of interest. Director Uboldi stated that the consolidation committee had a zoom meeting with Supervisor Gorin last week and she stated the county may come up short this year on funds and could not guarantee any gap funding for consolidation. She suggested we have another meeting with the new county administrator next month. This meeting will be on March 20th.

Director Doss made a motion to ask for an extension to our current contract with Sonoma Valley Fire for an additional 90 days. 2nd: Cooper, all AYE. Director Doss suggested we write a letter to Council Bill Adams to discuss about a possible conflict of interest regarding moving forward with a new agreement between Sonoma Valley and Kenwood. After closed session the Board reconvened and spoke about a pay raise for the Chief. Director Doss made a motion for a 20% raise effective January 1st, 2023. 2nd: Cooper, all Aye.

NON-ACTION ITEMS: Tony Ghisla reported for the grant committee: the radio grant has been summited. We have not heard anything from the Landmark grant. The septic grant has been pushed back until September and we will include it in the grant request at that time. The SAFER grant should be completed and turned in by Wednesday. KFA paid \$34,000.00 towards the LED sign and the agreement was signed. The County states once we pay 50% for the sign we get reimbursed for that amount. The Gary Sinise Foundation gave us just over \$11,000 for the LED sign.
